The business of J.S.T. (U.K.) Ltd. is to supply its customers with advanced electrical and electronic connector systems and associated services.

To support our business objectives we have adopted the ISO/TS 16949:2009 Quality Management & ISO 14001:2015 Environmental Management systems.

Statutory and Regulatory requirements will be strictly adhered to.

The culture of our company will be one of continuous improvement in all areas of our business.

Achieving customer satisfaction will be key to our continuing success and future development.

We will work together in partnership with our customers and suppliers to ensure that individual requirements are clearly understood.

Feedback from customers and suppliers will be taken into consideration for the future development and enhancement of our products and services.

Quality & Environmental Objectives, & Key Process Indicators, are set in the Business Plan. Targets on the KPI's are agreed at management review and are monitored to ensure reliability, customer focus and satisfaction.
